President Roosevelt will not be the only distinguished character who will Visit the Charleston exposition.

On the 16th of this month it will be visited by Col. John F. Hobbs, a genuine king.

Colouel Hobbs is a native of South Carolina and is now living in New York city, but when quite a small but his parents moved into Marion county. and it was here young Hobbs grew into manhood. He has since become famous as an author, traveler, soldier, ditor and hero.

He has been around the world four times and has lived among the savage and indigenous tribes of the forest.

Colonel Hobbs is a genuine king. During one of his trips to the Hebrides his vessel was lost at sea and he alone escaped. Like Robinson Crusoe he landed on an island, but unlike Crusoe's island, it was fiercely inhabite I by warring cannibal tribes. By a miracle he escaped being eaten by the cannibals, and taking part in a fight of one of the tribes against another tribe, and for his skill and daring, he was anomited king, and still

this remarkable voyage, he remained several months in this city and delivered an interesting address in the Opera House which was very much enjoyed by our people.

After leaving Ocala, Colonel Hobbs ourneyed to New York city and there culminated the romance of his life. ded by Major Pickens Bird, which At first sight he fell desperately in love with a pretty, Titian haired, American-born daughter of Swedish parentage. The service of Cupid was immediately implored as a diplomat and, a few months later, "King Oumalea" led to the marriage altar Miss Ella Collin, of New York city, and the New York papers at the time devoted whole pages to the nuptial ceremonies and the bride was duly anointed by "King Oumalea's" subjects of the island of Illika, as "Queen Mlalie," and since which time a little princess has been born who bears the title of "Princess Hyuda," but is known in plain democratic circles as Ethel Charlotte Mary Hobbs.

Colonel Hobbs is the editor of the National Provisioner, a journal which is the acknowledged authority on our meat packing-house, oleomargarine. cotton seed oil, and allied trades.

On his visit south he will mix business with pleasure, and is gathering statistics to make known, through Lis valuable newspaper, the resources of liable remedies at Auti-Monopoly of the South.

nual report of the railroad commission of Florida, which will soon be made public contains some interesting facts.
